To whom it may concern

Just wanted to take the time to tell of our great experience dealing with Janis Willoughby Konig, Shmuel Konig. From the time we put our house on the market with them till closing, it was wonderful to work with both of them. They both work very hard to get our house sold. We had a steady flow of people looking at our house, and in the end They found us a buying for over the asking price which was wonderful. Plus working with Janis, Shmuel, was a wonderful experience thru the whole process. I would recommended them to anyone of my friends that possible might need a real estate agent in the future. Again I want to say thanks for meeting two very special people.

Thanks,

Mike Gail Steele.
